Dear Colonel Eriksen:

It was my privilege to accompany the CONOR group to ACIC on 10 February and benefit from the excellent briefing given by you and your senior staff. Viewed through the eyes of one who has had many years in cartography, I can say it was one of the best organized, meaningful, and effective cartographic briefings I've ever attended. Confronted as you were with a severe time limitation, I was impressed with the effectiveness with which you accomplished the stated objective of the session. I continue to be impressed by the high caliber of your senior staff.

Sincerely yours,
